

BAHT Level I Course

Examination Information for June 21st to 23rd June

The BAHT Level I course examination is completed ONLINE so that you can undertake it after having some time to consolidate your learning, rather than having to cram for a written assessment at the end of the final day of your course.

There are a series of 26 questions for you to complete, each worth between 1 and 8 marks. Questions are based on all aspects of the level I course content.

The exam is marked out of 100 and you need to score 60%, or 60/100 in order to pass.

You will have 30 minutes to complete all the questions set and this time will automatically count down and run out at the designated time. You must start and finish the examination in one sitting - you cannot take a break and go back to complete it later.

The main examination will be available for a total of 14 days, starting the day after your course finishes. **Available from 24th June 00:01 until 7th July 23.59pm**

You may make ONE attempt at the examination during this initial two weeks.

Anyone who has been unsuccessful in their initial attempt will then be offered ONE further RESIT opportunity which can be accessed over the following two weeks. You will be given a password for the resit in your main exam feedback. **Resit available from 8th July 00:01 to 21st July 23.59pm**

In order to complete the examination you will need access to a computer with reliable internet connection and security settings that will allow you to use the host site (normal home broadband should be absolutely fine, but work based access will depend on the level of security settings. Many NHS computers block the exam system.

How to Register to access the BAHT level I online examination

Please read and follow these instructions carefully in order to be ready to access the online examination for your BAHT level I course. If you have any questions or difficulties contact your course provider for assistance - DO NOT contact University of Essex (where the exam is hosted) or their IT services directly.

You should register ready for the BAHT level I online exam in advance of your course, so that assistance can be provided in good time if any difficulties are experienced. If you choose not to attempt to register for the first time until after your course when the exam deadline is approaching you do so at your own risk - extensions for completion of the exam will *not* be provided in these circumstances.

To successfully complete the registration process an 'enrolment key' is required. This is different for every course that runs so the correct one will be given to you separately by your course provider.

Registration Step 1)

You will first need to register for an account on the “Open Essex” website (this is where the BAHT level I exam is hosted).
